Syllabus
2016-2017**

WELCOME TO AKSIPS SESSION 2016 - 2017

The school continues to march ahead and climb the ladder of success. Continuing with its tradition of imparting quality education, we once again welcome you to this great institution which is a temple of learning for the young & innocent minds. It is rightly said that...

What sculpture is to a block of marble; education is to a human soul. A human soul without education is like a marble in a quarry which shows none of its inherent beauties until the skillful polisher fetches out the colours and makes the surface shine.

Education does not consist in mastering languages but is found in that moral training which extends beyond the school room to the playground and the street.

“Just in Time” is the technique that has shown the world the path to success. We also believe that a well planned schedule would assist the parents and the teachers to help the pupils to achieve their potential.

The following pages would give you an insight of the programme chalked out for the session 2016- 2017 regarding :

- 1) Course of Study : The bifurcated syllabus has been provided to assist the students to enhance their performance. The same has been done keeping the past track record of the students.
- 2) List of stationery and list of books have been included in the syllabus book for your convenience on the basis of actual requirement.
- 3) List of activities : Each moment spent in idleness by a student weighs upon our conscience just as the deliberate delay in promoting human development delays perfection. So curricular activities are organized by the school to help the student become a perfect human being, one who can survive in a competitive environment and face challenges in future.
- 4) List of holidays : The school pre-plans and communicates the list of holidays so that the students, parents and teachers can plan their schedule well in advance for the whole year.
- 5) Evaluation of Pre-Primary : There will be no formal examination for Pre-Primary. However, twice in the session, continuous revision process will be scheduled in the months of September and March respectively.
